

# Puerto La Cruz Boaters Directory

Date: July 9, 2011

Welcome to Puerto La Cruz, Venezuela, a destination boaters have been sailing to for decades. PLC, as it is known familiarly, is located on the Caribbean coast of Venezuela, about half way between Grenada/Trinidad and the Dutch islands of Bonaire, Curacao, and Aruba. With its near perfect climate, situated below the hurricane belt, many boaters have stayed for weeks or months.

We have compiled a list of companies and services available in the area to assist with your boating projects and comfort while in Puerto La Cruz. There is a VHF radio net which usually operates from Monday to Saturday, at 07:45 a.m. on channel 72 where you can receive more help and local information.
